support growth to
those we serve*

What is Intercare Corporate Group Inc?

Intercare Corporate Group Inc. (Intercare) is an Alberta based organization providing health and life enrichment services in continuing care centres since 1992. Currently we operate care centres in Calgary: Chinook, Brentwood, Southwood and Intercare @ Millrise.

Our Guiding Values

- ♥ **Respect** . . . honouring each other as individuals.
- ♥ **Compassion** . . . responsive to the needs of others—sharing joy, laughter and tears.
- ♥ **Commitment** . . . responsible and accountable for the safety and services we provide.
- ♥ **Ethics** . . . conduct based on integrity, openness and trust.

What to expect

Intercare's primary focus is to make our residents as comfortable as possible in our facilities. Our settings, caring staff and safe, secure living environments truly make Intercare a place to call "home".

Services that We Offer

Social Environment

Intercare strives to provide a diverse social environment that will accommodate the varied interest of our residents. Close to the conveniences of city life, our settings offer active and caring environments that are supported by staff, families, friends and volunteers. Fitness classes, off-site outings, crafts and musical activities are just a few examples of programs offered.

Comfortable Living

Intercare's commitment is to provide residents with tastefully designed and functional living environments that promote safety, dignity and independence.

There are no set visiting hours. Family and friends are always welcome.

Nutritious Dining

Intercare's dining rooms accommodate all of our residents so meals can be enjoyed in a social atmosphere. Following the Canada Food Guide, a wide variety of nutritional cuisine is offered. Our staff also cater to special dietary needs.

Professional and Friendly Care

Our multi-disciplinary team works to ensure that all facets of our residents' health and wellness are properly managed. Whether the needs are medical, physical, emotional, social, spiritual— or the challenge of day-to-day living—our trained staff work with residents and their families to develop individualized Care Plans for each resident.

Communities of Care

Intercare offers a Community of Care Model that is structured to meet the service and support needs of our residents now and in the future, emphasizing a holistic approach to health and wellness. Working with the local communities, Alberta Health Services/Calgary Zone and numerous educational institutions, the model endeavors to ensure that seniors and those with disabilities have timely, affordable access to the care, accommodations, services and supports needed to maximize independence and lead fulfilling lives.

Alternate Relationship Plan (ARP)—Physicians

ARP Physicians are a group of doctors who provide comprehensive care for residents living at our Intercare sites. For more information please visit the ARP/Intercare website
