For calendar activity details, updates & announcements, please visit your Facility’s “Going Green and Staying Green” Bulletin Board!

*ALL STAFF are invited to bring in displays for set in the Facility Reception and/or Common Areas that demonstrate energy and/or resource consumption and related loss, as well as methods for saving energy (e.g. electricity) and resources (e.g. water)

*NOTE: Overall energy consumption for ALL SITES will be tracked and compared to June 2016 and the site that has the greatest reduction in energy and resource consumption (electricity, natural gas and water) will be awarded a “Green Certificate of Excellence!”
